- Design, implement, and maintain secure, scalable, and cost-effective cloud infrastructure on various cloud environments
- Apply best practices to optimize cloud environments for performance and security
- Automate infrastructure provisioning, configuration management, and deployments to streamline operations
- Manage CI/CD pipelines using tools like GitLab, GitHub, and AWS Code Pipeline for efficient development workflows
- Collaborate with development teams to integrate and enhance DevOps practices
- Provide expert troubleshooting support for cloud platform issues and automation tool integration
- Continuously assess and improve platform performance, reliability, and scalability

Protocol Solutions Co., Ltd. | Yangon, Myanmar
Cloud Support Engineer | May 2024 - Oct 2024

- Oversaw and optimized cloud infrastructure for maximum reliability and performance
- Troubleshot and resolved technical issues in cloud services (networking, storage, compute)
- Assisted with deploying and configuring cloud services to meet client needs
- Ensured timely application of updates and patches to maintain performance and security standards
- Analyzed usage trends and forecasted capacity requirements to optimize resource allocation and reduce costs

Technical Skills

- **Cloud Platforms**: AWS (Amazon Web Services), Microsoft Azure Fundamentals
- **Infrastructure as Code (IaC)**: AWS CloudFormation, Terraform
- **CI/CD Tools**: AWS CodePipeline, GitHub Actions, GitLab CI/CD
- **Containerization**: Docker, Kubernetes Fundamentals
- **Operating Systems**: Linux
- **Version Control**: Git, GitHub, GitLab

Soft Skills

- Responsibility
- Collaboration
- Flexible Attitude
- Problem Solving
- Handle in any Deadlines
- Hardworking
- Fast Learning

Certification

- AWS Certified Solutions Architect Associate
- HashiCorp Certified Terraform Associate
- AWS Certified Cloud Practitioner
- GitHub Foundations

Work Experience

Protocol Solutions Co., Ltd. | Yangon, Myanmar
Cloud Support Associate | Jan 2024 - Apr 2024

- Troubleshot and resolved cloud-related technical issues to ensure system uptime
- Monitored cloud systems for performance, availability, and health metrics
- Assisted with setting up, configuring, and scaling cloud resources
- Generated performance and usage reports for internal and client-facing needs

Protocol Solutions Co., Ltd. | Yangon, Myanmar
Cloud Technical Intern | Oct 2023 - Dec 2023

- Gained hands-on experience with cloud services through collaboration with senior engineers
- Contributed to monitoring cloud environments for optimal performance and uptime
- Supported various cloud-related projects to enhance system functionality and customer support

Summary

To obtain a position that utilizes my educational background, experience and wish to upgrade my Cloud and DevOps Skills in your company. I do certify that above statements are true and correct for the best of my knowledge.

Thank you for your attention. I am looking forward to hearing a kindly response from you soon.

Best Regards,
Linn Latt Oo
